

FOR IMMEDIATE RELEASE:

New DC Series Bucket Elevator from Sudenga Industries for Gentle Bulk Seed Handling Applications

George, IA July 21, 2005 Sudenga Industries, Inc. of George, Iowa introduces the newest series in its bucket elevator line, the DC Series. Designed specifically for applications where seed quality is a priority, the DC Series operates at slowed belt speeds, which ensures gentle elevation and discharge of the seed to prevent damage.

Highlights of the new DC Series bucket elevators include:

- Available in discharge heights starting at 30 feet and extending up to 100 feet.
- Capacities of 2000 and 3000 bushels per hour are achieved with a 12-inch diameter head pulley running a 20-inch wide belt with a double row of cups. Belt speed is 153 feet per minute for the 2000 bushel per hour model and 230 feet per minute for the 3000 bushel per hour model.
- Available in painted or hot-dipped galvanized finish.
- A full line of platforms, ladder, tower, catwalk and bucket elevator accessories is available for all Sudenga bucket elevators.
